EDUCATION

- **Osun State University** Osun, NG
Bachelor of Arts in International Relations and Diplomacy; GPA: 4.00 Nov. 2023 – Nov. 2027

EXPERIENCE

- **Apere** Lagos, NG
Software Engineer Nov 2023 - Present
 - **API Development:** Build and maintain RESTful APIs that facilitate seamless interaction between the frontend and backend systems of our apps and websites.
 - **Backend Architecture:** Design and implement scalable backend solutions to support the company's commerce platform, ensuring efficient data processing and storage.
 - **Database Management:** Develop and optimize database schemas and queries to ensure data integrity and performance.
 - **Performance Optimization:** Monitor and improve the performance of backend services to handle high traffic and large volumes of data
 - **Collaboration:** Work closely with front-end developers, product managers, and other stakeholders to deliver high-quality products that meet business requirements.
- **Wema Bank PLC** Ogun, NG
Software Engineer Intern Summer 2023
 - **Assisted in Software Development:** Collaborated with the development team to design, implement, and test new software features.
 - **Code Review and Debugging:** Participated in code reviews and debugging sessions to improve code quality and performance.
 - **Application Maintenance:** Assisted in maintaining and updating existing applications to enhance functionality and user experience.
 - **Documentation:** Contributed to the documentation of software development processes and user guides for new features.
 - **Agile Methodology:** Worked in an Agile environment, participating in daily stand-ups and sprint planning sessions.
 - **Version Control:** Gained practical experience using version control systems like Git for collaborative development.
 - **Banking Software:** Acquired knowledge of banking software systems and the specific needs of financial institutions.
- **Rubies Code School** Lagos, NG
Coding Instructor Oct 2022 - Nov 2023
 - **Developed a Comprehensive Curriculum:** Created a curriculum for a coding boot camp that covered the fundamentals of web development and software engineering.
 - **Coding Challenges:** Conducted a series of coding challenges to assess student progress and identify areas of improvement.
 - **Student Progress Assessment:** Assessed student progress and provided feedback to ensure understanding of coding concepts.
 - **Interactive Coding Simulations:** Developed interactive coding simulations to teach students how to troubleshoot and debug code.

PROJECTS

- **Facebook Screenshot Bot:** An open-source Python tool for automating the capture of Facebook post screenshots and posting them back in response to mentions.
- **ChatMate:** An open-source Python-based conversational companion powered by a dynamic JSON database, designed to engage in meaningful conversations, learn from user interactions, and adapt its responses in real time.
- **FastAPI URL Shortener:** A simple URL shortening service built using the FastAPI web framework in Python, allowing you to create shortened versions of long URLs for more convenient sharing.

PROGRAMMING SKILLS

- **Languages:** Python, Javascript, Golang, SQL
- **Databases:** MySQL, MongoDB, PostgreSQL, Firebase
- **Frameworks:** Django, Flask, FastAPI, Gin
- **Technologies:** AWS, GCP, Git/GitHub, CircleCI

SOFT SKILLS

- **Communication:** Ability to clearly articulate ideas and collaborate effectively with a team
- **Adaptability:** Willingness to learn and adapt to new technologies and methodologies.
- **Project Management:** Experience managing or working on projects can showcase organizational and leadership skills.
- **Analytical and Problem-Solving Skills:** Demonstrated ability to analyze complex problems, develop effective solutions, and implement strategies to address challenges efficiently.
- **Independent and Team Work:** Proven ability to work autonomously while also thriving in collaborative team environments.
- **Process Driven and Deadline Oriented:** Strong focus on adhering to processes and meeting deadlines efficiently and effectively.

CERTIFICATIONS

- **Certified Python Developer**
- **Certified Full-Stack Web Developer**
- **Meta Professional Certification in Back-End Development**
- **PMP: Project Management Professional**

ACHIEVEMENTS/AWARDS

- **Speaker, PyCon'24 Nigeria (2024)**
- **VIP invitee to the Africa Technologies Expo, recognizing contributions and influence in the technology sector.**
- **Best Python Developer at Rubies Technologies Boot Camp (2023)**
